APPLICATION FOR FUNDING ASSISTANCE

For Projects Benefiting the Rural Areas of Umatilla, Union and Wallowa Counties

Please type or print. Use this form, responding only in the space provided.

Applications will be accepted at the above addresses between April 1, 1996 and June 3, 1996.

1. Applicant Information

A. Legal Business Name/Organization: City of Elgin
B. Legal Structure (proprietorship, partnership, corporation, county municipality, port/water/sanitary district): County municipality
C. Address: 100 N 8th Elgin, OR 97827
D. Telephone: 437-2253 FAX: _____
E. IRS Employer ID: 936002155

2. Project Manager Information

A. Name: Joe Carlitz Title: City Recorder
B. Organization: Elgin 2010
C. Address: 100 N 8th Elgin, OR 97827
D. Telephone: 437-2253 FAX: _____

3. Rural Investment Fund(RIF) Funding Request

This project is requesting _____ in RIF grant funds.

4. Rural Investment Fund Project: Identify the activities involved in the project for which applicant is requesting funding and each activity's source of funds. Important: For any matching cash or in-kind amounts specified, attach either a letter of commitment from the appropriate entity or individual or the first page of an application already submitted for funding (Exhibit A).

Specific Activity	Cash					In-Kind		Total Expenditures	Completion Date
	RIF	Federal	Other State	Recipient	Other Local	Value	Source		
B.C.C. Fill		Forest Service				36,000.00	B.C.C. (Completed)	36,000.00	1972
24,000.00						929.54	City of Elgin	929.54	8/10/94
Planning Survey						7,359.00	City of Elgin	7,359.00	9/13/94
Economic Assessment						2,797.00	City of Elgin	2,797.00	4/10/95
Soils report & Plan						800.00	Forest S. Park Elgin	800.00	94
Engineering landscape design	35,000.00					1,800.00	City of Elgin Administrative	1,800.00	92-96
Engineering Services	11,250.00					360.00	Elgin 2010	360.00	92-96
Totals									
Project Grant Management	72,250.00	6,000.00				50,045.00			
Contingency	3,000								
Legal	1,000								
Administrative Costs - office	2,000								
Totals supplies									

* *Estimated construction cost. Grant management broad down*
in 1994 demonstrates the park can be implemented and operated as a
"financially self sustaining entity", with 20 and Day user numbers
estimated between 5,306 and 6,733 per year.
The award of this grant will provide all the necessary services, studies,
surveys and tests to leverage construction grants that will actualize the
completion of Huron Interpretive Park.

20. Park is part of Elgin's tourism development that will give over night users and use of rafting facilities would benefit rafters in city and commercial raft activities

4. Rural Investment Fund Project: Identify the activities involved in the project for which applicant is requesting funding and each activity's source of funds. Important: For any matching cash or in-kind amounts specified, attach either a letter of commitment from the appropriate entity or individual or the first page of an application already submitted for funding (Exhibit A).

20. Part is part of Elgin's tourism development that there is no overnight and use of rest facilities would be a commercial rest facilities

5. Contracting opportunities

Revenues Grows

Showers

Parting

Day use

Head use

for outifters

6. Briefly explain what the RIF project will accomplish: Phase 1 and Phase 2 - Hunaha Interpretive Park.

Phase 1: • Prepare the bid specifications for engineering designs
• Environmental assessment studies
• Soil classification tests

• Land surveys

• Title search

• ~~Liability insurance costs estimates~~

• ~~Right of way costs~~

Phase 2:

• Engineering Designs

• Plans and specifications sufficient to permit

construction including: water system,

wastewater disposal facilities, streets and roadways,

site grading, underground utilities, R.V. layout,

Parking, boat ramp.

• Architectural Designs: Restrooms + maintenance bldg., Shelter.

• Landscape Designs: Campground, day use, Parking, River.

7. Identify work associated with the RIF project that will be completed at a later date (i.e., additional phases, etc.):

Phase 3: • Construction -

RV campground - 19 units

Shelter

Restrooms

Parking

Day use

Boat Ramp

Phase 4: • Operation of Park

Phase 5: • Nature walk and interpretive sites

• Foot bridge

8. Is this project self-sustaining? Explain who will own any improvements associated with the project and how the project will be maintained.

Yes, based on the Economic Assessment for Hunaha Park by KSC Consulting in 1994, the project can be implemented and operated as a "financially self sustaining entity" if administered by the City of Elgin. The City of Elgin will ~~assume responsibility~~ ^{contract} for ~~all~~ ^{operation and} maintenance of the project and will own any improvements associated with the project. The city will hire a park manager on a contractual basis responsible for collecting RV and day use receipts for the city, to be used to maintain and operate the park.
